What's the scoop with Mood Brewers THC Social Spritzers?

Well, imagine if your favorite fruit seltzer and good vibes had a baby – that's us! Mood Brewers is here to enhance your social experience without the guilt.

How do I get in the "Mood"?

It's as simple as popping the top, sipping with style, and embracing the moment. We definitely recommend sharing with friends!

What's the lowdown on dosing?

Easy there, eager beaver! Start with 5mg, then ride the wave. It's like the "slow clap" of dosing – start slow, and your Mood will cheer you on.

Is Mood even legal?

Yup, we're the hemp version of everyone's favorite uplifting friend. Our THC is within the 0.3% legal limit. But hey, check your local laws to be sure.

Can I hit the road after drinking Mood?

If you feel like you're riding a cloud, maybe let someone else do the driving. Safety first, my Mood-enhanced friend!

Where can I hunt down Mood Brewers?

Our social spritzers are hiding in plain sight! Check out our social media to find live events or our store locator to find your nearest Mood haven.

Can I summon Mood online, like a digital wizard? Abracadabra...not quite! Online sales depend on your zip code's rules. Visit our online portal to see if Mood can magically appear on your doorstep.

Is Mood a one-hit wonder, or are there remixes?

Don't worry our first flavor was a hit! That means more flavors are tuning up their taste notes soon!
